RP Held Our 2022 Safety Rally

We hope you enjoyed your spring weekend and had time to step outside and breathe in the fresh air. The sunshine Saturday was so very welcome as we held our annual Safety Rally event.

Every year this time we hold our Safety Rally to train staff on equipment, processes, and procedures to maintain a team that is efficient and safe while on site and at the production yard. This past weekend our crews went through extensive training to ensure each member has a clear understanding of how to safely operate each piece of equipment and the importance of working in teams to ensure everyone's safety.

RP's emphasis on ensuring that safe operating procedures are learned and practiced remains in the forefront of our staff's minds throughout the season so we can efficiently steward your gardens.
