

Transforming Landscapes...Transforming Lives

June 13, 2022

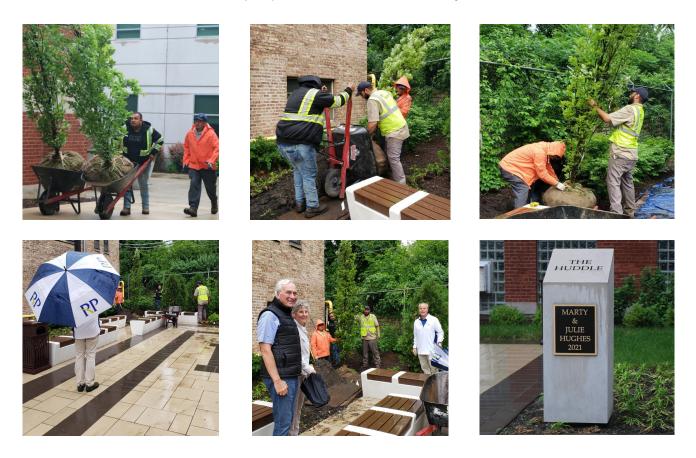

Our 30 Trees Legacy Program Continues

Last year we celebrated 30 years in business, and you may remember we instituted a 30 Trees For 30 Years legacy program where we pledged to donate 30 trees to the communities that supported us over the years. Because we are committed to paying it forward, that program continues into 2022. Last week we had the opportunity to plant two trees at Mt. Carmel High School in Chicago. Their stunning courtyard was re-imagined last year to include seating areas and a gorgeous monument that was rebuilt with portions of the previous structure that were unearthed during the rehabilitation process.

Although it was a rainy day for the planting, our team was excited to gift this living contribution to a deserving institution that works within their community to

educate local children and prepare them for university.

As from a seed, nourished and nurtured, grows strength and beauty, so does the child's mind and spirit.

We thank our client, Mr. & Mrs. Hughes, for nominating Mt. Carmel High School, and hope the trees provide symbols of peace, stability and vibrancy for the students and faculty for years to come.

Plant Health Care

In addition to regularly scheduled maintenance, our team will be focusing on the following service(s) this week:

Perennial care Pruning Mulching This week we will be performing the following service(s), as weather allows:

Grub prevention Rose care Animal repellant Blight prevention on Boxwood Turf weed control Snail and slug control
