Memorial Day

A Memorial Day Prayer

"As our nation pauses today to remember those in the military who have given their lives for freedoms we enjoy, we pray you would have us all look to you for strength, comfort and guidance. Be with all who serve in our Armed Forces. Bless them and their families." ~ Xavier University

PLEASE NOTE: Rosborough Partners is closed for the holiday and will resume normal business hours tomorrow, Tuesday, May 31st.

Plant Health Care Alert

Jumping Worms, a distinctly different variety from our usual beneficial ones, have been discovered in Illinois. They are voracious consumers of organic material, which can affect soil quality. Populations of jumping worms have the potential to change the soil structure, deplete available nutrients, damage plant roots, and alter water holding capacity of the soil.

Our teams will be watching for signs of their damage and make recommendations accordingly. RP's efforts to prevent the spread include cleaning equipment and tools between use, using mulch and soil from sources free of Jumping Worms and their larvae, and inspecting nursery plants before installation. These steps are some of the valuable aspects of professional landscape maintenance that benefit our clients.

For more information about Jumping Worms, click the link:
