Savoring The Remaining Temperate Weather

*"There is something so special in the early leaves drifting from the trees—as if we are all to be allowed a chance to peel, to refresh, to start again."
— Ruth Ahmed*

It feels as though autumn and the cooler weather coordinated their arrival times perfectly. These comfortable temperatures feel amazing, but it reminds us that colder days are not too far away. We must get outside and take advantage of the waning warmth ... watching the foliage turn and hearing it rustle with the breeze. Maybe one more garden party before the warm air leaves.
