Weekly Maintenance Services Begin

This week spring clean ups will be wrapping up and we will get back to weekly and periodic maintenance services for the season. Chicagoland has experienced a few frosty nights, but the temperatures are slowly creeping higher and gardens are really beginning to green up.

As always, our team will be examining your gardens continuously for plant health, and will address any signs of stress, pests or diseases. RP's proactive approach to garden stewardship will ensure your landscape will always be its

healthiest and most beautiful.

If you need any special services, you can contact your Client Steward directly, or call our office 847/549-1361, Monday-Friday 8:30a-5:00p. We look forward to servicing you and appreciate all the trust you place in our team.

Garden Steward Team

Our team will be focused on the following services this week:

Wrapping up spring clean ups
Begin weekly maintenance services

Plant Health Care

The PHC team will be performing the following treatments (click photo for PHC service details):

Rose care
Animal repellent
