Meet Trisha Rodgers

If you have contacted our office regarding your landscape maintenance, you have probably talked with Trisha Rodgers. Beginning earlier this year, Trisha joined RP as **Residential Maintenance Administrator**, where she coordinates the machinations of our sometimes insanely busy Maintenance Department.

Those who meet Trisha immediately appreciate her bubbly enthusiasm for life ... it is her superpower. She performs her work as a liaison between the Maintenance Department staff and clients with zest and zeal as she facilitates your requests in an expedient manner.

Trisha's drive to help people is funneled into her volunteer work with the unhoused and people suffering from substance abuse. When she's not volunteering or running her five children from place to place, she is coaching her daughter's middle school volleyball team. THAT is a full and meaningful life.

Next time you have reason to call the Maintenance Department, you'll know the newest staff member handling your request just a little bit better.

Have a wonderful week!

Garden Steward Team

This week our team will be focused on weekly maintenance services as contracted. Please contact your Client Steward with any special requests.

Plant Health Care

The PHC team will be applying the following treatments as weather allows:

Rose care

Animal repellent

Weed control on turf and hardscape

Ornamental fungicide on boxwood for blight
