RP Wins National Design & Construction Award!

We are so excited to announce RP has won the National Association of Landscape Professionals (NALP) Silver Award for Design and Construction for our Cotswolds On The Lake project.

From the moment you step onto this property you can feel that it is unique ... that it is special. From the Cotswold style architecture and English gardens to the lakeside setting, this distinctive property emanates sophistication, luxury, and fun. Yes, fun! With a basketball court, pool, and a front lawn that doubles as a baseball field, this landscape has been designed for a family that enjoys

life.

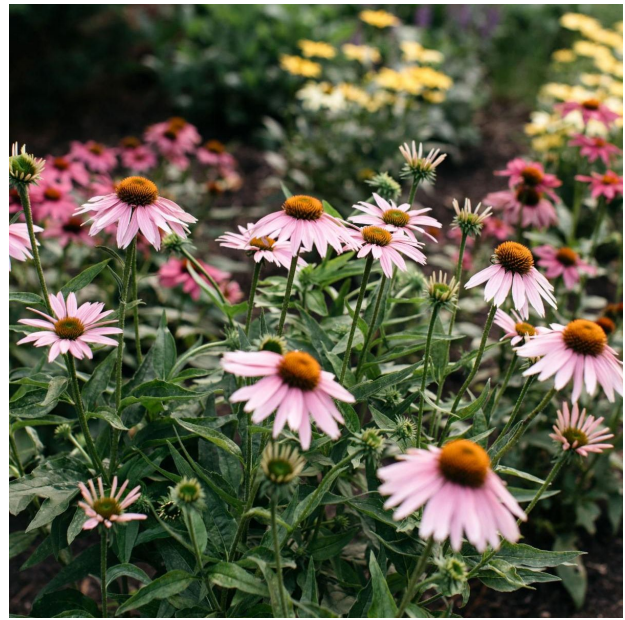

Our client was inspired by trips to England with the timeless architecture and stunning gardens. They also have a very active family that loves sports and adventure, so we had to deliver a landscape that met their high standard and enhanced their already dynamic lifestyle. Because they also work hard and entertain often, the addition of a guest house and home office that coordinated with the site were a must. The resulting English cottage surrounded by masses of flowers, and separate stone lodge in the treetops over the ravine, provide the necessary room for guests and meetings.

Work began in 2016 and continues to this day because as the homeowner's life changes over time, so do their needs. This evolving landscape has been an exciting project for us as we create beautiful, functional outdoor space for this amazing client.

Being recognized nationally for our work energizes us to continue designing artistic, usable outdoor space that transforms lives.

Garden Steward Team

This week our Garden Steward team will be focused on regular maintenance services in addition to the following:

Scheduling fall annuals installations

Plant Health Care

This week the PHC team will be applying the following treatments as weather allows:

Animal repellent

Core aeration
