## Get Ready For Summer Events

### Get Your Yard Guest-Ready for Upcoming Gatherings!

Spring and summer bring the joy of spending time outdoors with loved ones. Whether it's a cozy barbecue with friends or a full-blown family reunion, creating an inviting outdoor space is key to a successful gathering. Here are just a few areas where we can help to get your landscape ready for those special get-togethers:

#### Lawn

Make sure your lawn is green carpet where guests can mingle and play. Mowing isn't enough ... seeding, weed control, and fertilizing will enhance your lawn's health and reward you with an emerald green cushion for a stroll or outdoor games.

## Power washing

Paved surfaces can build up a layer of dirt or mildew that leaves your patio or walkway looking lackluster. Power washing renews the original beauty and puts a shine on your outdoor entertaining space.

## Mosquitos

Everything can look perfect but guests can still be put off if these pests are crashing your party. Mosquito abatement can ensure your guests are comfortable and focused on your warm hospitality.

## Lighting

If your party moves into evening, making sure there is adequate lighting for safety and ambiance levels up the guest experience. Washing the pavement and walkways with a warm glow while garden focal points are highlighted creates a safe and beautiful environment for friends and family.

## Flowers

There's no warmer welcome than party artfully decorated with fresh flowers. Adorn your event with artistic displays of seasonal blooms and textured greenery in the gardens and pots to infuse your outdoor space with the charm only nature can bring.
